

At ABTCO Vinyl, we work hard so you don't have to.

CedarCreek™
Premium Vinyl Siding and Accessories

As one of North America's largest manufacturers of siding products, **ABTCO** is renowned for offering a vast array of innovative, long-lasting low-maintenance products. That means using only the finest polymers, pigments and color-protection ingredients in the manufacturing process. It means continually creating new, stronger, more attractive designs, and backing them with a lifetime limited warranty. See the warranty for full details, available from your **ABTCO** distributor, or on our website.

ABTCO Vinyl Siding

CedarCreek™

Premium Vinyl Siding and Accessories

With a deep woodgrain, and impressive performance figures, Cedar Creek™ vinyl siding is designed to offer affordable protection for your home.

The perfect complement to your home.

The most affordable option in our family of quality products, Cedar Creek™ vinyl siding is textured with a weathered wood grain that is built to withstand the elements. Manufactured with top of the line UV protection and certified under the Vinyl Siding Institute certification program, Cedar Creek™ siding is available in a range of decorative colors for a beautiful, durable and affordable alternative to wood.

Weathered woodgrain appearance

.040" thickness

LineLock™ panel locking system

1/2" lap profile

Vapor Vent™ weep hole system

High-grade vinyl compounds and UV inhibitors

Why Cedar Creek™ Siding?

- Cedar Creek™ siding's .040" thickness exceeds ASTM D3679 minimum requirements.
- Our unique LineLock™ panel locking system means quick and easy installation.
- High-grade vinyl compounds and UV inhibitors mean outstanding resistance to the elements.
- Cedar Creek's 1/2" profile depth offers excellent rigidity and attractive shadow lines.
- Our VaporVent™ weep hole system helps channel condensed water vapor away from the siding.

You'll want to take this new-found maintenance freedom to all corners of your home!

Cedar Creek™ vinyl siding becomes an even greater value when you couple it with ABTCO soffit and accessories. They are a great complement to the siding that makes your whole home exterior low-maintenance.
